

Bastion

6240 - HIGH SPEED HAND DRYER

KEY FEATURES

- Dimensions (W x D x H) - 400 X 215 X 600mm
- Electrical Connection - 230 V/N/PE
- Stainless steel AISI 304
- Power Consumption - 3.2kW
- Fan Motor: 18.000 rpm
- Heating: 2x450 - 900W
- Air Speed: 75-100 m/sec

The automatic high-speed hand dryer 6240 is especially suited for very fast hygienic drying of both hands and is delivered with a splash-water protected stainless steel body for wall mounting.

During the drying process water that is blown away is diverted downwards through grating and disposed of via the drain in order to prevent contamination by splashing water.

The unit and hand slot can be easily cleaned. Hand drying takes approx. 10 seconds, with adjustable air velocity.

ADDITIONAL OPTIONS

- Filter cartridge
- Collecting vessel for residual water
