INNOVATING YOUR HYGIENE PROCESS

NITA AUTOMATIC HOSE REEL

KEY FEATURES & BENEFITS

- Stainless steel construction
- Open and hygienic design
- Cleanable inside
- Helps reduce trip hazards
- Increases hose life
- No manual winding required – hose retracts automatically
- Twin-spring design for longer hose lengths
- Suitable for food and pharmaceutical industries

The Nita Retractable Hose Reel is a hygienic, sturdy and reliable hose storage solution designed for demanding food and pharmaceutical environments. Manufactured from stainless steel, it is built to withstand rigorous daily use. The medium-capacity reel features twin springs for retracting longer hose lengths, while an optional swivel bracket allows 180° rotation for improved operational flexibility.
