

RB65 WASH GUN

HIGH VOLUME LOW PRESSURE WASH GUN

KEY FEATURES & BENEFITS

- Lightweight construction for easier handling
- Ergonomic design improves operator comfort
- Integral inlet swivel enhances manoeuvrability
- Replaceable front and rear rubber protectors help extend service life
- Available in blue or red for colour-coding applications

TECHNICAL DETAILS

Maximum Water Flow	60 L/min
Maximum Pressure	24 bar
Maximum Temperature	80°C
Weight	1.1 kg
Inlet Connection	½" Female Inlet

The RB65 Wash Gun is a high-volume wash gun designed specifically for low-pressure cleaning applications. Its insulated casing remains cool during use with high-temperature water, making it suitable for demanding washdown environments.
