

STRONGHOLD 2500 WASH GUN

HIGH PRESSURE WASH GUN

The Stronghold 2500 Wash Gun is designed for high-pressure washdown applications above 40 bar. Built for demanding environments, it features a durable construction and a pull-release coupling that helps prevent accidental nozzle release.

Available with either a quick-release or fixed outlet configuration.

KEY FEATURES & BENEFITS

- Easyhold trigger helps reduce operator fatigue and improve comfort
- Easy-to-use push-release coupling, even when wearing gloves
- Super-tough outlet coupling for enhanced durability
- Super-tough trigger guard for increased durability
- Suitable for intensive washdown applications
