*Applies to dry weight cotton with 50% residual moisture

Drying Cabinets have no mechanical action and are used to efficiently dry bulky items such as workwear/overalls/gloves and boots.

PRODUCTIVITY

Time saving when used instead of flat or hang drying. The door can be opened a short moment without stopping the drying process.

FEATURES

Ergonomic design, with user friendly positioning of door handle, control panel and suitable for disabled users.

- Easy operation with 2 automatic drying programs, which will stop once the load is dry
- Insulated doors for quiet operation and robust design
- Extendable hangers for easy loading/unloading
- Flexible installation with adjustable feet

ACCESSORIES

Glove Hanger: More efficient drying of gloves, hats etc

Shoe Rack: Make it easier to dry shoes and boots
